

Invitation to participate in the 8th IRU International Conference on Eurasian road transport

«The role of road transport in regional economic integration in Eurasia»

12 April 2012

Moscow, Ilyinka Street, 6/1, building 1

(Conference centre of Russian Chamber of Commerce)

This event is organized in cooperation with CIS Coordinating Transport Conference

In course of the Conference it is planned to discuss the issues related to the impact of regional integration processes on the international road haulage, role of road transport as a facilitation factor of economical integration as well as integration of transport systems in Eurasia and other strategic issues of international road transport development.

13 April 2012

Moscow, Smolenskaya Street, 5

(Hotel «Zolotoe Koltso», «Yaroslavl» hall)

in the framework of the Conference

International seminar on the use of TIR-EPD services by the transporters in Russian Federation and neighbouring countries

During the seminar, which will be attended by all interested parties including transport operators and representatives of customs authorities it is planned to discuss the implementation of TIR-EPD and its use for providing advance information to customs authorities about TIR transports. In particular, practical aspects of providing such information will be reviewed in light of the entry into force of the requirement of the Customs Union on mandatory submission of information on goods arriving to the territory of the Customs Union by road.

Participation in the Conference and Seminar is free of charge.
