

Republic of Belarus. New procedure for providing services for booking a place in a queue at the border

Booking a queue at the border is carried out on the website [BelarusBorder.by](https://belarusborder.by)

From 26th 2020 the following changes will come into force in the provision of services:

1. By making a reservation, the data of the driver of the vehicle are not indicated.
2. Reservation is carried out no later than 1 hour and no more than 40 days.
3. Changes to the date and time of booking can be made only 1 time and no later than 1 hour before the start of the booked interval.
4. Vehicle data must not be changed.
5. In case of cancellation/transfer of the date and time of booking, the place is vacated and appears in the public domain.

The changes affected the functionality of the site [BelarusBorder.by](https://belarusborder.by)

1. There is a possibility of preliminary (before the registration/entry procedure) selection of the type of vehicle, date and time of border crossing the border and border crossing point.
2. From the main page of the [BelarusBorder.by](https://belarusborder.by) website without registering a reservation/refill of the account, it became possible to view the availability of free places.
3. It is possible to upload a report on previously made reservations.
