Dear Mr. Radu Dinescu

Thank you for your letter, where you address the current negotiations on the Mobility Package and especially the negotiations on the lex specialis on posting of drivers in the road transport sector.

The ongoing negotiations on the Mobility Package are of imperative importance for the European road transport sector. It is my opinion that the future of the sector depends on the ability to ensure a well-functioning single market based on fair competition.

As the Danish Minister of Transport, Housing and Building I intend to engage in dialogue and work towards a positive result that is better for the road transport sector and for Europe as a whole.

For your convenience please find attached a joint statement from the Ministers of the Road Alliance from 14 May 2018, which reaffirms the principles and objectives pursued by the Road Alliance.

Yours sincerely,

Ole Birk Olesen
